REPORT ON EXAMINATION OF FINANCIAL STATEMENTS - STATUTORY BASIS

FOR THE YEAR ENDED

DECEMBER 31, 2007

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of the Township Council
Township of Galloway
County of Atlantic, New Jersey

We have audited the accompanying balance sheets – statutory basis of the various funds and account groups of the Township of Galloway, State of New Jersey (the “Township”), as of December 31, 2007 and 2006 and the related statements of operations and changes in fund balance – statutory basis for the years then ended and the related statement of revenues – statutory basis and statement of expenditures – statutory basis for the year ended December 31, 2007, as listed in the accompanying table of contents. These financial statements – statutory basis are the responsibility of the Township’s management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the “Division”). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

As described in Note 1, the Township prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these statutory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the Township’s policy to prepare its financial statements on the prescribed basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the various funds and account groups of the Township as of December 31, 2007 and 2006 and the results of operations and changes in fund balance of such funds for the years then ended, and the statement of revenues and statement of expenditures of the various funds for the year ended December 31, 2007.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Township, as of December 31, 2007 and 2006 and the results of operations and changes in fund balances of such funds for the years then ended and the statement of revenues and statement of expenditures of the various funds for the year ended December 31, 2007 on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 30, 2008 on our consideration of the Township's internal control structure over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of federal awards is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the financial statements of the Township. The supplemental schedules and the schedule of federal awards as listed in the table of contents have been subjected to the auditing procedures applied to the audit of the financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

YEARS ENDED DECEMBER 31, 2007 AND 2006

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Township of Galloway have been prepared in conformity with an "Other Comprehensive Basis of Accounting" (OCBOA) as established by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). The more significant of the Township's accounting policies are described below.

Description of Financial Reporting Entity

The Township of Galloway is one of the oldest municipalities in the State of New Jersey, having predated the Declaration of Independence. The original Galloway Township was established by Royal Decree on April 4, 1774. It now consists of 92.3 square miles situated approximately seven miles west of Atlantic City along Route 30. The Township is essentially a semi-rural and residential community with some important industrial and institutional facilities. The Garden State Parkway and U.S. Route 30, which pass directly through the Township, are rapid transportation access corridors to Atlantic City from Philadelphia, New York and Washington. The Township is governed under a Council Manager Plan E form of government with seven councilpersons elected for staggered terms. The population, according to the 2000 census, is 31,209.

Component Units

The financial statements of the component units of the Township of Galloway are not presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14. If the provisions of GASB No. 14 had been complied with, the other entity's financial statements would have to be either blended or discretely presented with the financial statements of the Township, the primary government.

Basis of Presentation, Fund Accounting

The financial statements of the Township of Galloway contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Galloway accounts for its financial transactions through the following separate funds, which differ from the funds required by GAAP.

Current Fund

The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State Grant funds.

Trust Funds

The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

General Capital Fund

The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general facilities, other than those acquired in the Current Fund.

Sewer Utility Operating and Capital Funds

The Sewer Utility Operating and Capital Funds account for the operations and acquisition of capital facilities of the municipally owned Sewer Utility.

Public Assistance Fund

The Public Assistance Fund accounts for receipt and disbursement of funds that provide assistance to certain residents of the Township pursuant to Title 44 of New Jersey statutes. Effective February 2, 1998, the administration of the Township's public assistance program had been transferred to the Atlantic County Division of Economic Assistance.

Budgets and Budgetary Accounting

The Township of Galloway must adopt an annual budget in accordance with N.J.S.A. 40A:4 et al. State statutes require the governing body to introduce and approve the annual municipal budget no later than February 10th of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date of introduction. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank approved by the State Department of Banking and Insurance and organized under the laws of the United States or of the State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1(a) provides a list of securities which may be purchased by New Jersey municipal units.

The cash management plan adopted by the Township of Galloway requires it to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-42 requires government units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Investments

Public funds are defined as the funds of any government unit. Public depositories include banks (both state and national banks), savings and loan institutions and savings banks, the deposits of which are federally insured. All public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units.

All certificates of deposit are recorded as cash regardless of date of maturity.

Interfunds

Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to fund balance. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies

The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

General Fixed Assets

Property and equipment purchased by the Current and the General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized.

Accounting for Governmental Fixed Assets, as promulgated by Technical Accounting Directive No. 2 as issued by the Division of Local Government Services, differs in certain respects from GAAP. The following is a brief description of the provisions of the Directive. Fixed assets used in governmental operations ("general fixed assets") are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems, are not capitalized.

All fixed assets are valued at historical cost, or estimated historical cost if actual historical cost is not available.

No depreciation on general fixed assets is recorded in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants-in-aid, or contributed capital, have not been accounted for separately.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Foreclosed Property

Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be capitalized in the General Fixed Assets Account Group. GAAP requires property to be recorded in the General Fixed Assets Account Group at the market value at the time of acquisition.

Deferred Charges

The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et al. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Appropriation Reserves

Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts, which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriation Reserves are not established under GAAP.

Liens Sold for Other Governmental Units

Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

Fund Balance

Fund balances included in the Current Fund represent amounts available for anticipation as revenue in future budgets, with certain restrictions.

Revenues

Revenues are recorded as received in cash, except for certain amounts, which are due from other governmental units. Revenue from Federal and State grants is realized as revenue when anticipated as such in the Township's budget. Other amounts that are due the Township, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP generally requires that grant revenue be recognized when the actual expenditures financed by the grant are made.

Property Tax Revenues

Property tax revenues are collected in quarterly installments due February 1st, May 1st, August 1st, and November 1st. Property taxes unpaid on April 1st of the year following their final due date are subject to tax sale in accordance with statutes. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the entities that follow. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. GAAP requires such revenues to be recognized when they are available and measurable reduced by an allowance for doubtful accounts.

School Taxes

The Township is responsible for levying, collecting and remitting school taxes for the Galloway Township Board of Education and the Township's share of the Greater Egg Harbor Regional High School District. Fund balance is charged for the full amount required to be raised from taxation to operate the local school district for the period from January 1 to December 31, and for the regional high school district the Township's share of the amount required to be raised by taxation for the period from July 1 to June 30, increased by the amount deferred at December 31, 2006, and decreased by the amount deferred at December 31, 2007. GAAP would require the recording of a deferred revenue. The following schedule illustrates school taxes payable and school taxes deferred at December 31st for the last two years.

	December 31, 2007	December 31, 2006
Local School Tax Payable	\$ 275,689.06	\$ -
Regional High School Tax Payable	4,063,536.63	3,937,735.66
Regional High School Tax Deferred	2,927,683.46	2,927,683.46
	\$ 7,266,909.15	\$ 6,865,419.12

County Taxes

The Township is responsible for levying, collecting and remitting county taxes for the County of Atlantic. Fund balance is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, fund balance is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10th of the current year and due to be paid to the County by February 15th of the following year.

Reserve for Uncollected Taxes

The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The Reserve, the minimum amount of the reserve, determined by the percentage of collections experienced in the immediate preceding year, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations. A Reserve for Uncollected Taxes is not established under GAAP.

Expenditures

Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Outstanding encumbrances at December 31st are recorded as a cash liability. Appropriations for principal payments on outstanding general capital fund bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due.

Compensated Absences and Post-Employment Benefits

Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a "pay as you go" basis. Likewise no accrual is made for post employment benefits, if any, which are also funded on a "pay as you go" basis. GAAP requires that the amount that would normally be liquidated with expendable financial resources be recorded as expenditure in the operating funds and the remaining obligations be recorded as long-term obligations.

Note 2: SHORT-TERM DEBT

Short-Term Debt

Short-term debt provides financing for capital projects. The Township has not issued bond anticipation notes since December 2, 2005.

Note 4: COMPENSATED ABSENCES

The Township employees are entitled to fifteen sick leave days each year. Vacation days are earned based on years of service. Employees are entitled to 10 vacation days for the first year of employment, 11 days for 2 through 5 years of service, 13 days for 6 through 10 years of service, 18 days for 11 through 19 years of service, and 20 days for 20 years or more of service. Sick and vacation days accumulated through December 31, 1991 have been credited to the employees and will be reimbursed at 100% of the employees' daily rate of pay upon retirement. Beginning January 1, 1992, unused sick leave may be accumulated and carried forward to subsequent years, and at retirement the employee will be reimbursed up to fifty percent of days not used, not to exceed the amount of \$10,000. Vacation days earned on or after January 1, 1992 may be carried over for one year only, unless extended by the Township Manager with the recommendation of the department head.

The Township has established a Compensated Absences Trust Fund to set aside funds for future payments of compensated absences. The balance of the fund was \$237,050.88 at December 31, 2007, and \$224,789.16 at December 31, 2006. It is estimated that accrued benefits for compensated absences are valued at \$1,425,027.28 and \$2,468,705.27 at December 31, 2007 and December 31, 2006, respectively.

Note 5: DEFERRED COMPENSATION PLAN

The Township offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. In 1998, the Township amended the plan by resolution to comply with a private letter ruling of the Internal Revenue Service that requires assets of deferred compensation plans be held in trust under the beneficial ownership of the Trustee, (Township of Galloway) serving as Trustee, for the exclusive benefit of the plan participants and their beneficiaries, and that the assets shall not be diverted to any other purpose.

The Plan is administered by the following service organizations:

Great-West Life & Annuity Insurance Company
 Equitable

Plan Descriptions

All eligible employees participate in the Public Employees' Retirement System (PERS), or the Police and Firemen's Retirement System (PFRS), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Police and Fireman's Retirement System. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

Police and Fireman's Retirement System (PFRS) - The Police and Fireman's Retirement System (PFRS) was established as of July 1, 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:3B. All benefits vest after eight to ten years of service, except for medical benefits, which vest after 25 years of service. Retirement benefits for age and service are available at age 60 and, under recently enacted legislation are generally determined to be 1/55 of final average salary for each year of service credit. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years service credit, or they may elect deferred retirement after achieving eight to ten years of service credit, in which case benefits would begin the first day of the month after the member attains normal retirement age.

The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A and 43:3B. All benefits vest after ten years of service, except for disability benefits, which vest after four years of service. Retirement benefits for age and service are available at age 55 and generally determined to be 2% of final average compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Final average compensation equals the average compensation for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek special retirement after achieving 20 or 25 years of creditable service or they may elect deferred retirement after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final average compensation for each year of service.

Funding Policy

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Members contribute at a uniform rate. In accordance with Chapter 415, P.L. 1999, the member rate was set at 5.0% of base salary effective July 1, 2004. Employers are required to contribute at an actuarially determined rate. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits.

The contribution policy for PFRS is set by N.J.S.A. 43:16A, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employers are required to contribute at an actuarially determined rate. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits. Members contribute at a uniform rate of 8.5% of base salary.

For the Public Employees' Retirement System, the Township's required contribution was \$146,052.20 for 2007 and \$52,456 for 2006.

Note 8: DEPOSITS AND INVESTMENTS

Deposits

Operating cash, in the form various checking and savings accounts, and certificates of deposit, are held in the Township's name by a commercial banking institution. At December 31, 2007, the carrying amount of the Township's deposits was \$23,231,881.95 and the bank balance was \$23,815,758.91. Of the bank balance, \$100,000 was insured with the Federal Depository Insurance Corporation ("FDIC"). Balances in excess of amounts covered by FDIC are covered by the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of municipalities and local government agencies. The program is administered by the Commissioner of New Jersey Department of Banking and Insurance. See Note 1.

Investments

At December 31, 2007, the Township had the following investments:

Investment	Face Amount	Carrying Amount	Investment Maturities (in years)		
			Less than 1	1 - 5	6 - 10
New Jersey Cash Management Fund	\$ 295,580.60	\$ 295,580.60	\$ 295,580.60	\$ -	\$ -
U.S. Treasury Obligations	266,886.95	266,886.95	74,823.70	140,617.15	30,628.90

Interest Rate Risk: The Township does not have a policy regarding interest rate risk. However, state statutes limit the maturity of all investments to less than one year (see Note 1 – Cash and Investments).

Custodial Credit Risk: For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the Township will not be able to recover the value of it investment or collateral securities that are in the possession of an outside party. The Township had no policy on custodial credit risk.

Credit Risk: The Township does not have an investment policy regarding credit risk. The Township's investment in U.S. Government Agency securities and Treasury Obligations are rated AAA by Standard and Poor's. The New Jersey Cash Management Fund is not rated.

Note 9: PROPERTY TAXES

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income where appropriate. Current assessments are the results of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners. But it often results in a divergence of the assessment ratio to true value.

Upon the filing of certified adopted budgets by the municipality, the local school district, regional school district, fire districts and the county, the rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provisions for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

Tax bills are mailed annually in June. The taxes are due February 1st and May 1st respectively, and are adjusted to reflect the current fiscal year's total tax liability. The preliminary taxes, due August 1st and November 1st of the succeeding fiscal year, are based upon one-half of the current year's total tax.

Tax installments not paid on or before the due date are subject to interest penalties of 8% per annum on the first \$1,500 of the delinquency and 18% per annum on any amount in excess of \$1,500. Pursuant to P.L. 1991, c. 75, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed 6% of the amount of the delinquency. The interest and penalties are the highest permitted under New Jersey statutes.

Delinquent taxes open for one year or more are annually included in a tax sale in accordance with New Jersey statutes.

The New Jersey statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. Prior to February 1 of each year, the municipality must mail to each property owner a notice of the current assessment and taxes on the property. The taxpayer has a right to petition the County Tax Board on or before April 1 for review. Due to errors or delinquencies in notices sent to property owners, the April 1 deadline to file an appeal petition may be extended. The County Board of Taxation has the authority after a hearing to decrease or reject the appeal petition. These adjustments are usually concluded within the current tax year and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels the petition was unsatisfactorily reviewed by the County Board of Taxation, appeal may be made to the Tax Court of New Jersey for further hearing. Some Tax Court appeals may take several years prior to settlement and any losses in tax collections from prior years are charged to a reserve set aside for this purpose or directly to operations.

Note 13: BUDGETARY DATA

Annually, Township Council adopts the annual appropriated budgets for the Current Fund and the Capital Improvement Plan. Once approved, the Township Council may amend the legally adopted budget when unexpected modifications are required in estimated revenues and appropriations.

Supplemental appropriations per N.J.S.A. 40A:4-46, 54, Emergencies and Special Emergencies, become charges against the budget of the following year per N.J.S.A. 40A:4-47 except when financing is provided for by bonding ordinances.

Budget transfers between major appropriation accounts are prohibited until the last two months of the year. The Township Council approves transfers by resolution. Budgetary transfers for the year 2007 were insignificant.

Note 14: FEDERAL AND STATE GRANTS

In the normal course of operations, the Township participates in a number of federal and state grant programs. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions relevant to the granting of funds. If expenditures are disallowed due to noncompliance with grant program regulations, the Township may be required to reimburse the grantor. As of December 31, 2007, significant amounts of grant expenditures have not been audited by the various grantor agencies, nor are there any known liabilities for reimbursement as a result of any such audit.

Note 16: RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Employee health and accident insurance and public official bonds are provided through commercial insurance.

Property and Liability Insurance

The Township is a member of the Atlantic County Municipal Joint Insurance Fund (the Fund), a risk management pool, which provides its members with coverage for property, casualty and crime, public official's liability, workers' compensation, employer's liability and general liability. Contributions to the Fund, including a reserve for contingencies, are payable annually in two installments, and are based on actuarial assumptions.

The Township's agreement with the pool provides that the pool will be self-sustaining through member premiums and will reinsure through commercial insurance for claims in excess of \$500,000 for each insured event. The Fund publishes its own financial report that can be obtained by writing to Atlantic County Municipal Joint Insurance Fund, P.O. Box 12, Hammonton, New Jersey, 08037.

Note 17: SANITARY LANDFILL CLOSURE FUND

The Township of Galloway owned and operated a municipal landfill until December 31, 1991, at which time the site was effectively closed for all operations. The Sanitary Landfill Facility Closure and Contingency Act Fund of 1981 was enacted to provide funding, during the life of the landfill, of costs associated with the closure of sanitary landfills. The Act requires the owner or operator of every sanitary landfill to establish an escrow account for closure and deposit, on a monthly basis, an amount equal to \$1.00 per ton of solid waste accepted for disposal. No withdrawals may be made from the fund without written approval from the State Department of Environmental Protection and Energy.

At December 31, 2007, the Township had \$564,648.41 on deposit in a trust fund to comply with the aforementioned act. In addition, the Township also adopted a capital ordinance to provide additional funding for the closure plan. However, the escrow closure fund balance at year-end does not necessarily represent the estimated cost of closure as of that date. The required balance of the fund merely represents the amount required to be escrowed in accordance with the statute. Actual costs associated with the closure are not known.

Note 18: LITIGATION

The Township is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome from such litigation is unknown and potential losses if any would not be material to the financial statements.

GENERAL COMMENTS AND RECOMMENDATIONS

FOR THE YEAR ENDED

DECEMBER 31, 2007

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS –
STATUTORY BASIS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and
Members of the Township Council
Township of Galloway
County of Atlantic, New Jersey

We have audited the financial statements – statutory basis of the Township of Galloway, State of New Jersey (the “Township”), as of and for the year ended December 31, 2007, and have issued our report thereon dated June 30, 2008. Our report disclosed that, as described in Note 1 to the financial statements, the Township prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the “Division”), that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township’s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township’s internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However as discussed below, we identified certain deficiencies in internal control over financial reporting that we that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity’s ability to initiate, authorize, record, process or report financial data reliably in accordance with the statutory basis of accounting, prescribed by the Division, such that there is more than a remote likelihood that a misstatement of the entity’s financial statements that is more than inconsequential will not be prevented or detected by the entity’s internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity’s internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division.

We noted certain matters that we reported to the Township's management in a separate letter dated June 30, 2008.

The Township's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. We did not audit the Township's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Township Committee, others within the entity, and the Division as well as other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-4 states, "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law." The bid threshold for the Township is \$29,000.

The governing body of the Township of Galloway has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in a violation of the statute, the Township Counsel's opinion should be sought before a commitment is made.

Our examination of expenditures did not reveal any payments in excess of the bid threshold for the provision or performance of any goods or services, other than those where bids had been previously sought by public advertisement, awarded under state or county cooperative purchasing agreements, or awarded in compliance with other provisions of the "Local Public Contracts Law," N.J.S.A. 40A:11.

The minutes indicate that bids were sought by public advertising for the following items:

- Emergency Medical Vehicle
- Wash Bay
- Pre-engineered Building
- Air Light Power Trailer
- Athletic Fields
- Transit Bus with Wheelchair Lift
- Ladder Truck
- Elevator Sub-code Inspection Services
- Phase I Sewer Pump Station
- Apparatus Maintenance
- 6 Police Patrol Cars
- Public Works Uniforms
- Installation of Playground
- Survey for Pinehurst Acquisition Project
- Site Assessments
- Reconstruction of Chris Gaupp Drive
- Athletic Fields Maintenance
- Aloe Street Force Main
- Leaf Vacuum Collectors
- Police Department Uniforms
- Community Services Department Clothing

GENERAL COMMENTS (Continued)

Collection of Interest on Delinquent Taxes and Assessments

The statutes provide the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body adopted the following resolution authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED by the Council of the Township of Galloway, in accordance with Chapter 75, New Jersey Laws of 1991, and N.J.S.A. 54:4-67, 54:5-32, 54:5-34 and 54:5-35, which authorizes the governing body inter alia to fix the rate of interest to be charged, in the Township of Galloway, for the nonpayment of taxes, assessments and municipal charges, said rate of interest shall be and is hereby fixed at 8 per cent per annum on the first \$1,500 of delinquency and 18 per cent per annum on any amount in excess of \$1,500 to be calculated from the date when the taxes, assessments and charges become delinquent.

BE IT FURTHER RESOLVED by the Council of the Township of Galloway, in accordance with N.J.S.A. 54:4-67, Chapter 75, New Jersey Laws of 1991, and Chapter 32, New Jersey Laws of 1994, which permits a 6 per cent penalty on taxes and municipal charges greater than \$10,000 as of the close of the fiscal year, that said end-of-year penalty shall be fixed for the Year 2007.

This Resolution shall take effect January 1, 2007.

It appears from an examination of the collector's records that interest was charged in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The tax sale was held and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31st of the last three years:

<u>Year</u>	<u>Number</u>
2007	542
2006	479
2005	426

It is essential to good management that all means provided by the statutes be utilized to liquidate tax title liens in order to get such properties back on a tax-paying basis.

TOWNSHIP OF GALLOWAY

GENERAL COMMENTS (Continued)

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent taxes and charges as well as current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2007 and 2008 Taxes	25
Payment of 2007 and 2008 Sewer Charges	25
Total	<u>50</u>

Deposit of Municipal Funds

N.J.S.A. 40A:5-15 states:

“All moneys, including moneys collected by taxation, received from any source by or on behalf of any local unit or any board or department thereof shall, within 48 hours after the receipt thereof, either

- a. be paid to the officer charged with the custody of the general funds of the local unit, who shall deposit all such funds within 48 hours after the receipt thereof to the credit of the local unit in its designated legal depository, or
- b. be deposited to the credit of the local unit in its designated legal depository.”

Our examination revealed that municipal funds were deposited within the mandated time, with a few exceptions. Those exceptions noted appeared to be isolated.

TOWNSHIP OF GALLOWAY

FINDINGS AND RECOMMENDATIONS

None.

In accordance with OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and Division of Local Government Services Regulations, a corrective action plan must be prepared and filed by Township Council in response to our recommendation.

Should any questions arise as to my comments or recommendation, or should you desire assistance in implementing my recommendations, please do not hesitate to contact me.

TOWNSHIP OF GALLOWAY
NOTES TO THE SCHEDULES OF EXPENDITURES
OF STATE AWARDS
DECEMBER 31, 2007

1. General

The accompanying schedule of financial assistance presents the activity of all federal financial assistance programs of the Township of Galloway. The Township of Galloway is defined in Note 1(A) of the Township's financial statements. All federal financial assistance received from federal agencies, as well as, federal assistance passed through other governmental agencies, are included on the schedule of federal financial assistance.

2. Basis of Accounting

The accompanying schedules of financial assistance are presented using the modified accrual basis of accounting in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through separate funds, which differ from the funds required by accounting principles generally accepted in the United States of America (GAAP).

3. Relationship to Financial Statements

Amounts reported in the accompanying schedule agree with amounts reported in the Township's financial statements – statutory basis. The financial statements – statutory basis present the Grant Fund on a budgetary basis. The Grant Fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

4. Relationship to Federal Financial Reports

Amounts reported in the accompanying schedule agrees with the amounts reported in the related federal financial reports, where applicable.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH NEW JERSEY OMB CIRCULAR 04-04**

To the Honorable Mayor and
Members of the Township Council
Township of Galloway
County of Atlantic, New Jersey

Compliance

We have audited the compliance of the Township of Galloway, State of New Jersey (the "Township"), with the types of compliance requirements described in the New Jersey Compliance Manual, State Grant Compliance Supplement and New Jersey OMB Circular 04-04 that are applicable to each of its major programs for the year ended December 31, 2007. The Township's major programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with requirements of laws, regulations, contracts and grants applicable to each of its major programs is the responsibility of the Township's management. Our responsibility is to express an opinion on the Township's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and New Jersey OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Those standards, New Jersey OMB 04-04 and State of New Jersey prescribed audit requirements require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major program occurred. An audit includes examining on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Township's compliance with those requirements.

In our opinion, the Township complied in all material respects with the requirements referred to above that are applicable to each of its major state programs for the year ended December 31, 2007.

Internal Control Over Compliance

The management of the Township is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the Township's internal control over compliance with the requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a state program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a state program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a state program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Township's governing body, and the Division and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
