**Go Green Galloway in Partnership with Stockton S.A.V.E. Presents
THE WISDOM TO SURVIVE
Monday, April 27, 2015**

7:00 PM

RICHARD STOCKTON UNIVERSITY

Room B-012

Climate change is taking place. Will we have the wisdom to survive? The film features through leaders and activists in the realms of science, economics and spirituality. The focus: how we can live creatively and even joyfully in the face of this catastrophe. Because they are doing the work that needs to be done, they inspire the viewer to want to join the “team”.

Featured in the film: Bill McKibben, Joanna Macy, Gus Speth, Roger Payne & more!

“I hope this film can travel everywhere and impact others’ lives as it has ours. I felt in the immensity of the material there was a movement-a narrative line- toward some of great significance. The images of people all over the world “pushing back” stay with me. We are one family of beings on this planet. Your film shows us that”. – Sara Norton, Goddard College

Please join us for this FREE event. There will be light refreshments, including Fair Trade coffee donated from Starbucks.
